

Dear Goldenwood West Property Owners:

We would like to offer Goldenwood West property owners the option of participating in a neighborhood directory. Several residents have indicated that they would find a neighborhood directory useful. In addition, we are aware that many residents may not want to participate. As a result, the directory will be (1) on a voluntary basis only and (2) funded by resident contributions NOT neighborhood dues.

Property owners who are interested in participating should complete the information below and drop it into the POA box care of Penny Jungerman. To be included in the directory you must return this form no later than March 1, 2008. To receive a directory, please include \$1 to cover copying costs. If property owners show sufficient interest, we hope to reissue the directory annually.

Please note: Complete as much or as little information as you would like included in the directory. At a minimum we ask that you include your last name and first initial, and one form of contact information (e.g., address, phone, or email).
